

2023 Xtreme Hike Training Calendar

HA HA Tonka State Park - Camdenton Missouri

Xtreme Hike Weekend - September 22-24

We are with you every step of the way.

Read this key for more information about the workouts included in our plan!

GEAR TIPS:

FOOTWEAR: Don't wait to get your footwear. Sturdy boots and a few good pairs of socks can be the keys to happiness on the trail. Break them in now to leave plenty of time for adjustments before Hike Day.

TREKKING POLES: If you haven't, yet, test out some hiking poles. These can save your knees on steep downhills!

PROPER CLOTHING: Do you have the clothing you plan to wear on Hike Day? Be sure to test it out on some long hikes before the big day...a seam in the wrong place can spell disaster.

Check with your doctor prior to starting any exercise program.

Perform (2) non-consecutive workout days each week in conjunction with the hiking program outlined on the calendar.

Perform stretches per the exercise guide as needed.

2 sets of 15 repetitions with 1 min break between sets

WORKOUTS FOR STRENGTH & CROSSTRAINING

- Lunges
- Squats
- Step Ups
- Calf raise
- Bridge
- Crunches
- Walk hills in your neighborhood or find some stairs and climb; Add weights to your pack for more of a workout
- Stairclimber or treadmill w. incline
- Cycling
- Yoga, Pilates

REST: Active recovery; Try to get in 10,000 steps a day, even on rest days

TRAINING TIPS:

Pace: Keep track of your pace throughout your training. Shoot for an average pace of 2.5-3 MPH.

Hill Repeats: Find a challenging hill in your neighborhood or on your favorite trail—walk up at a challenging pace, walk or jog down slowly.

Add mileage and weight where you can to build your endurance. You will be on your feet for hours on Hike Day carrying at least 2-3 liters of water along with snacks and supplies. Prepare your feet, shoulders and back accordingly!
